Sorry for not responding sooner. I was out of the office this morning. I have been reassigned to another court. Greg Noble has taken over my cases in Wareham. He can update you on the status of this case.

Thanks,
Keara

Hi Keara-

I curious of the status of the [REDACTED] case that is scheduled for today (per your previous email)? I've looked up the submissions in question, and it does not appear as though you have the drug evidence in your possession (our database indicates that is it still in the now closed JP lab, though I don't know if the State Police have found a way to get them to you). Is the case still on? Where on the list is it? Do you think that you will need me? If it is definitely going, please call me (cell or work #) as soon as you know so I can get there (I'm coming from Amherst). It may be tough for me to get there before lunch depending on when I get the call, but I would definitely be able to get there by 2. Thanks.
